

MARWEST
APARTMENT REIT

Marwest Apartment Real Estate Investment Trust

Management's Discussion and Analysis

For the three and nine months ended September 30, 2022

(Expressed in Canadian Dollars)

Management's Discussion and Analysis For the three and nine months ended September 30, 2022 (Expressed in Canadian Dollars)

The following Management's Discussion and Analysis ("MD&A") of the financial condition and results of operations of Marwest Apartment Real Estate Investment Trust (the "Trust" or the "REIT") should be read in conjunction with the Trust's unaudited condensed consolidated interim financial statements ("interim financial statements") and notes thereto for the three and nine months ended September 30, 2022 and 2021, prepared in accordance with International Accounting Standard ("IAS") 34, *Interim Financial Reporting* as issued by the International Accounting Standards Board ("IASB") and the REIT's audited consolidated financial statements and the notes thereto for the year ended December 31, 2021 and 2020, which are available on the Trust's profile on the System for Electronic Document Analysis and Retrieval ("SEDAR") at www.sedar.com. The financial information contained in this MD&A has been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the IASB.

The Trust was established on July 2, 2020 and commenced commercial operations on April 30, 2021, therefore there is limited comparability between the nine months ended September 30, 2022 and 2021.

The Trust's Board of Trustees approved the content of this Management's Discussion and Analysis on November 16, 2022. Disclosure in this document is current to that date unless otherwise stated. Additional information relating to the Trust can be found on the SEDAR and also on the Trust's website at www.marwestreit.com.

Forward-Looking Disclaimer

Certain statements contained in this MD&A constitute forward-looking statements within the meaning of applicable Canadian securities laws which reflect the Trust's current expectations and projections about future results. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "estimates", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Trust to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements.

Risk Factors

Risks include the risks identified in this MD&A as well as those identified in the REIT's latest annual information form available on the REIT's profile on SEDAR. The forward-looking statements made in this MD&A relate only to events or information as of the date on which the statements are made in this MD&A. Actual results and developments are likely to differ, and may differ materially from those expressed or implied by the forward-looking statements contained in this MD&A. Such forward-looking statements are based on a number of assumptions that may prove to be incorrect. Except as specifically required by applicable Canadian securities law, the Trust undertakes no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events. These forward-looking statements should not be relied upon as representing the Trust's views as of any date subsequent to the date of this MD&A. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The factors identified above are not intended to represent a complete list of the factors that could affect the Trust. The MD&A may contain certain statements of current estimates, expectations, forecasts and projections.

ABOUT MARWEST APARTMENT REAL ESTATE INVESTMENT TRUST

The Trust's objectives are to grow Unitholder value through capital investment strategies, active asset and property management, to provide Unitholders with stable and predictable cash distributions that grow over the long term, and to grow the Trust's asset base across strategic markets through intensification and acquisition programs.

Since inception the Trust has completed the acquisition of 363 new generation apartment units in Winnipeg, Manitoba. The Marwest Group of Companies (the "Marwest Group"), which are companies under common control with Marwest Asset Management Inc. (the "Manager"), the asset manager of the REIT, have operated within Western Canada for over 50 years. Management believes Winnipeg is a relatively stable multi-family rental market with relatively low vacancy rates and is friendly to immigration. Manitoba, like many other provinces, has rent control, whereby rents are capped at a government specified percentage increase each year. For 2022 and 2023 those rental rate increases are zero (0) percent. However, 291 rental units of the Trust are exempt from rent control as they were constructed within the last 20 years, the exempt period in Manitoba, and do not have restrictive financing agreements.

The development and construction of multi-family properties by the Marwest Group gives the Trust a potential opportunity to purchase newly developed real estate in locations of interest to the Trust.

**Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)**

OVERVIEW

The Trust was established under the laws of Manitoba. The principal and registered office of the Trust is 500-220 Portage Avenue, Winnipeg, Manitoba. The Trust is an unincorporated, open-ended real estate investment trust established pursuant to a Declaration of Trust dated July 2, 2020, which was amended on April 30, 2021 pursuant to an amended and restated declaration of trust (the "Declaration of Trust"). The Trust was a closed-ended trust at December 31, 2020 and converted to an open-ended trust on April 30, 2021 pursuant to a resolution passed by the Board of Trustees.

The Trust Units are listed on the Toronto Venture Exchange ("TSX-V") under the symbol "MAR.UN".

The REIT's management team, the officers of the Manager, and the Trustees have over 100 years of combined experience in multi-family residential real estate and collectively bring a strong combination of development, construction, management, and financing experience, along with significant governance expertise. The REIT has an external asset and property management agreement through the Marwest Group. The REIT will continue to benefit from the expertise and strong infrastructure that is currently in place through the Marwest Group.

The Trust owns and operates a portfolio of income-producing multi-family rental properties located in Western Canada. The REIT is focused on becoming a leading Western Canadian multi-family REIT specializing in high quality, income-producing properties.

The Trust's portfolio consists of three multi-family residential rental properties located in Winnipeg, Manitoba, comprising an aggregate of 363 rental units (251 units at September 30, 2021).

The Trust commenced operations on April 30, 2021, thus reporting five months of commercial operations in the nine months ended September 30, 2021.

Current Portfolio

The Trust's current portfolio consists of newer generation investment properties that were constructed in 2006 (103 units), 2017-2019 (148 units) and 2018-2021 (112 units). Newer generation portfolios typically require lower maintenance expenses and capital expenditures compared to older generation portfolios and, in Manitoba, new generation rentals are exempt from rent control. The Manitoba Government has enacted a rental freeze in 2022 and 2023, whereby landlords are not permitted to increase rental rates outside of the rental guidelines, subject to certain exemptions. 291 of the 363 rental units that the Trust has acquired in 2021 are exempt from the rental freeze due to the age of the buildings, and unrestricted financing agreements, and as such, the Trust will continue to adjust rental rates as the market allows.

**Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)**

The Trust's investment properties include thoughtful resident centred amenities, including clubhouses and on-site fitness facilities.

Brio Brownstones Clubhouse featured below

At September 30, 2022, the Trust's portfolio included 260 townhome units which differ from standard apartment units. These townhomes are characterized by private exterior entrances to each suite, eliminating all common hallways; Townhome residences have more of a homeownership feel. Modern finishings appeal to renters combined with prime locations along transit routes, near shopping and schools. The rental suites owned by the Trust are pet-friendly, appealing to a broad section of renters available in the market.

Future Acquisitions

The relationship with the Marwest Group affords the Trust the potential opportunity to purchase properties developed by the Marwest Group. The independent Trustees will be responsible for the negotiation of the purchase price and other terms and conditions relating to the acquisition of any properties from the Marwest Group and/or any related parties or third parties with an interest in the asset.

The Trust will also seek third party acquisitions from other developers or owners of multi-family properties in target markets across Western Canada.

Subsequent to the end of the third quarter of 2022, the Trust acquired a newly constructed 153 unit apartment building located in Winnipeg, Manitoba from a third party vendor, as more particularly described under "Subsequent Events" below.

Management's Discussion and Analysis For the three and nine months ended September 30, 2022 (Expressed in Canadian Dollars)

Distribution

The Board of Trustees approved an ongoing cash distribution policy which provides for a monthly distribution in the amount of \$0.00125 per Trust Unit (\$0.015 per unit annually) payable on or about the 15th day of the month to Unitholders of record on the last day of the prior month, commencing December 31, 2021. The cash distribution policy may be amended, suspended or discontinued at any time.

Business Strategy and Objectives

The objectives of the Trust are:

- (a) to grow Unitholder value through capital investment strategies, and active asset and property management;
- (b) to provide Unitholders with stable and predictable cash distributions that grow over the long term; and
- (c) to grow the Trust's asset base across strategic markets through intensification and acquisition programs.

Management believes it can accomplish these objectives given future potential access to the capital markets and the relationship that the Trust has with the Marwest Group.

Declaration of Trust

The investment policies of the Trust are outlined in the Declaration of Trust, a copy of which is available on SEDAR. Some of the principal investment guidelines and operating policies set out in the Declaration of Trust are set out below:

- The Trust will focus on acquiring, holding, developing, maintaining, improving, leasing and managing income-producing rental assets within Canada and other jurisdictions the Trustees may determine from time to time;
- The Trust may make its investments and conduct its activities directly or indirectly, through an investment by way of joint ventures, co-ownerships, partnerships (general or limited) and limited liability companies;
- The Trust may invest in mortgages and mortgage bonds and similar instruments where: (i) the real property which is security for such mortgages and similar instruments is income producing real property which otherwise meets the other investment guidelines of the Trust; or (ii) the aggregate book value of the investments of the Trust in mortgages, after giving effect to the proposed investment, will not exceed 15% of Gross Book Value;
- Once the Gross Book Value reaches \$300,000,000, the Trust shall not incur or assume any indebtedness if, after giving effect to the incurring or assumption of the indebtedness, the total indebtedness of the Trust would be more than 75% of Gross Book Value or, if determined by the Independent Trustees, in their sole and absolute discretion, more than 75% of the appraised value of the assets and properties of the Trust and its Subsidiaries instead of Gross Book Value;
- The Trust will follow prudent business practices when looking to acquire an investment property by way of obtaining appraisals, environmental reports, and sufficient insurance coverage.

As of November 16, 2022, the Trust was in compliance with its investment guidelines and operating policies.

The foregoing is a general summary only and is qualified entirely by the terms of the Declaration of Trust.

Non-IFRS Measures

The Trust's financial statements are prepared in accordance with IFRS. The Trust's MD&A also contains certain non-IFRS measures commonly used by entities in the real estate industry as useful metrics for measuring performance. The non-IFRS measures used by the Trust as described below are not standardized measures under IFRS. Such non-IFRS measures disclosed by the Trust may not be comparable to similar financial measures disclosed by others. Readers are cautioned to not place undue reliance on such non-IFRS measures. Reconciliations of these non-IFRS measures to the most directly comparable financial measures calculated and presented in accordance with IFRS are included within the Financial Operations and Results Section.

Net Operating Income ("NOI")

The Trust calculates net operating income as revenue less property operating expenses such as utilities, repairs and maintenance and realty taxes. Charges for interest or other expenses not specific to the day-to-day operations of the Trust's properties are not included. The Trust regards NOI as an important measure of the income generated by income-producing properties and is used by management in evaluating the performance of the Trust's properties. NOI is also a key input in determining the value of the Trust's properties.

Funds from Operations ("FFO")

The Trust calculates FFO substantially in accordance with the guidelines set out in the white paper titled "White Paper on Funds from Operations & Adjusted Funds from Operations for IFRS" by the Real Property Association of Canada ("REALpac") as revised in January 2022. FFO is defined as IFRS consolidated net income adjusted for items such as unrealized changes in the fair value of the investment properties, effects of puttable instruments classified as financial liabilities and changes in fair value of financial instruments and derivatives. FFO should not be construed as an alternative to net income or cash flows provided by or used in operating activities determined in accordance with IFRS. The Trust regards FFO as a key measure of operating performance.

**Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)**

Adjusted Funds from Operations ("AFFO")

The Trust calculates AFFO substantially in accordance with the guidelines set out in the white paper titled "White Paper on Funds from Operations & Adjusted Funds from Operations for IFRS" by REALpac as revised in January 2022. AFFO is defined as FFO adjusted for items such as maintenance capital expenditures and straight-line rental revenue differences. AFFO should not be construed as an alternative to net income or cash flows provided by or used in operating activities determined in accordance with IFRS. The Trust regards AFFO as a key measure of operating performance. The Trust also uses AFFO in assessing its capacity to make distributions.

The following other non-IFRS measures are defined as follows:

- "FFO per unit" is calculated as FFO divided by the weighted average number of Trust Units and Exchangeable Units of the Partnership outstanding over the period.
- "AFFO per unit" is calculated as AFFO divided by the weighted average number of Trust Units and Exchangeable Units of the Partnership outstanding over the period.
- "Run-rate FFO per unit" is defined as the forecasted FFO for 2022 divided by the weighted average number of Trust Units and Exchangeable Units of the Partnership outstanding over the period. Forecasted FFO for 2022 is based on management's best estimate of 2022 operating performance of the REIT based on the historical operating results and expected results of 2022 for the same properties.
- "Run-rate AFFO per unit" is defined as the forecasted AFFO for 2022 divided by the weighted average number of Units of the Trust and Exchangeable Units of the Partnership outstanding over the period.
- "AFFO Payout Ratio" is the proportion of the total distributions on Trust Units and Exchangeable Units of the Partnership to AFFO per Unit.
- "Net Asset Value per Unit" or "NAV per Unit" is calculated as the sum of Unitholders' Equity and Exchangeable Units divided by the sum of Trust Units, Exchangeable Units and Deferred Units outstanding at the end of the period.
- "Debt-to-Gross Book Value ratio" is calculated by dividing total interest-bearing debt consisting of mortgages by total assets and is used as the REIT's primary measure of its leverage.
- "Debt Service Coverage ratio" is the ratio of NOI to total debt service consisting of interest expenses recorded as finance costs and principal payments on mortgages.
- "Liquidity ratio" is the ratio of current assets to current liabilities excluding Exchangeable Units.
- "Stabilized net operating income" is the estimated 12-month net operating income that a property could generate at full occupancy, less a vacancy rate and stable operating expenses.

SUMMARY OF 2022 RESULTS AND OPERATIONS

Occupancy Rates

The REIT has reported an average 98.33% occupancy for the three months ended September 30, 2022 (98.90% for the three months ended September 30, 2021) and 96.43% for the nine months ended September 30, 2022 (98.77% for the period ended September 30, 2021). Occupancy for the first three months of the year was lower than anticipated due to excessive cold spells and above average snowfall resulting in limited interest in the leasing of vacant units.

Occupancy Summary by Quarter 2022

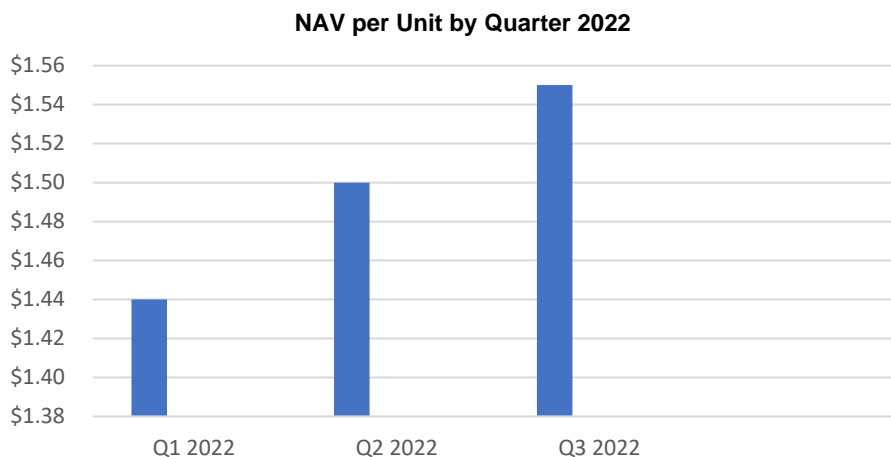

**Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)**

Mortgage Interest Rates and Future Renewals

At September 30, 2022 one of the five mortgages that are held within the portfolio is currently financed without CMHC insurance, with a term expiring in January 2024. Management is optimistic that the REIT will be able to refinance this mortgage using CMHC-insured financing, which may provide more attractive mortgage terms compared to traditional lending metrics at the time of refinancing. In Q3 2022, the conventional mortgage, secured by the Brio Phase 1 Property, was refinanced early (expiry was October 2023) with a CMHC-insured mortgage at a rate of 3.92% and a 40 year amortization period.

NAV per Trust Unit¹

The REIT reported a NAV per Unit¹ of \$1.55 (December 31, 2022 - \$1.27). The increase in NAV per Trust Unit is due to the increase in the valuation of the Element property in Q1 2022, which was higher than the acquisition price, and market conditions throughout all properties, as well as the implementation of the NCIB.

Asset Management Fees and Trustee Compensation

For the three and nine months ending September 30, 2022, the Manager has agreed to charge 50 percent of the allowable asset management fees to the Trust. No asset management fees were charged in 2021. Asset management fees of \$28,053 and \$84,159 were charged in the three and nine months ended September 30, 2022 respectively, inclusive of GST. Trustees were remunerated approximately 50 percent of their pro-rated annual compensation in Deferred Units, in accordance with the Equity Incentive Plan, with the remaining 50 percent plus meeting fees paid in cash (September 30, 2021 - 100 percent of annual compensation, other than meeting fees, was paid in deferred units as agreed upon by the Trustees, with meeting fees paid in cash). See Note 9 of the interim financial statements for further details.

OUTLOOK

Management anticipates the demand for rental housing to continue to grow, as evidenced in the 2022 CBRE Canada Real Estate Market Outlook, in the coming quarters due to increasing immigration and the affordability gap in rental vs. home ownership. With the Bank of Canada increasing interest rates, home ownership costs continue to rise, widening the affordability gap between rentals and home ownership. The increase in operating costs due to inflation may be offset, in whole or in part, by increases in rental rates, where the market allows. At September 30, 2022, 74 percent of the portfolio is not under rent control.

Management is focused on growing the portfolio and unitholder value through increasing rental rates where the market allows, future acquisition opportunities that will increase the overall size and improve the performance of the Trust, as well as maintaining a manageable debt structure. The current debt of the Trust is all at fixed terms with an average remaining mortgage term of over eight years. At September 30, 2022, only one mortgage held by the Trust is not CMHC insured. Upon refinancing, the Trust has the potential to see more favourable mortgage terms transitioning from conventional debt to CMHC insured debt. Management believes the organic growth in NAV due to the paydown of mortgages over time will lower the Debt-to-Gross Book Value ratio thereby increasing the NAV per Unit.

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

FINANCIAL OPERATIONS AND RESULTS

Valuation

The fair value of residential properties is typically determined using the direct capitalization approach. Stabilized net operating income¹ for each property is capitalized at an appropriate capitalization rate and then a deduction is made for certain capital expenditures that each property may require. Stabilized net operating income¹ for each property is estimated as the 12-month net operating income that a property could generate at full occupancy, less a vacancy rate and stable operating expenses. Capitalization rates reflect the characteristics, location and market of each property. Fair value is determined based on external appraisals obtained and internal valuation models incorporating market data and valuations performed by external appraisers. At September 30, 2022, all of the properties were valued internally. The weighted-average capitalization rate used at September 30, 2022 was 5 percent (December 31, 2021 – 5 percent).

The Trust's investment properties are recorded at a fair value of \$90,270,000 at September 30, 2022 (December 31, 2021 - \$85,495,008), the Trust recorded a fair value gain of \$677,493 and \$4,641,034 for the three and nine months ended September 30, 2022 (three and nine months ended September 30, 2021 - \$2,943,310 and \$3,201,090). The fair value gain was attributable to the compression in the capitalization rate from the implied capitalization rate at the date of purchase of the Element Property to 5 percent at September 30, 2022 and updated market conditions throughout all properties.

Performance Measures

The following outlines the IFRS and non-IFRS measures that the Trust uses to measure performance.

| <i>Operations</i> | Three months ended | | Nine months ended | |
|---------------------------------|--------------------|----------|-------------------|----------|
| | September 30 | | September 30 | |
| | 2022 | 2021 | 2022 | 2021 |
| Number of properties | 3 | 2 | 3 | 2 |
| Total multi-family units | 363 | 251 | 363 | 251 |
| Total rentable square feet | 339,995 | 236,091 | 339,995 | 236,091 |
| Average monthly rent per suite | \$ 1,502 | \$ 1,515 | \$ 1,507 | \$ 1,512 |
| Weighted average occupancy rate | 98.33% | 98.90% | 96.43% | 98.77% |

The nine-month period ended September 30, 2022 experienced higher than expected vacancy than the comparable period in 2021, resulting in more discounts and a lower average rent per suite in order to increase the occupancy of the portfolio; the decrease in average monthly rent per suite for the three-month and nine-months ended September 30, 2022, is also attributable to the addition of the Element Properties which are not reported in the comparable periods 2021 and have a lower average rental rate than the balance of the portfolio.

The Trust's updated estimated run-rate FFO per Unit¹ and AFFO per Unit¹ for 2022 is \$0.0743 per Unit and \$0.0700 per Unit, respectively. The decrease in the Trust's estimate of run-rate FFO per Unit¹ and AFFO per Unit¹ for 2022 is due primarily to the actual results in 2022, acquisition of the Prairie View Pointe property, the early refinancing of Brio Phase 1 Property, obtaining a second mortgage on the Kenwood Property, changes in the properties operating budget and minor occupancy assumptions, as well as the fact that the Manager has agreed to waive 50 percent of its base asset management fee for 2022.

The Trust previously disclosed in its Management's Discussion and Analysis for the year ended December 31, 2021 (the "2021 MD&A") an estimated run-rate FFO per Unit¹ and AFFO per Unit¹ for 2022 of \$0.0906 and \$0.0832, respectively. The variance between the estimate in the 2021 MD&A and the estimate included in the current MD&A is due to lower occupancy rates in the first quarter of 2022. In addition, the Trust increased the annual compensation and meeting fees of Trustees from previously estimated amounts and there were unbudgeted legal fees relating to the first time preparation of the Annual Information Form.

The Trust previously disclosed in its Management Information Circular dated October 11, 2021 that it estimated that its run-rate FFO per Unit¹ and run-rate AFFO per Unit¹ for 2022 would be approximately \$0.0873 and \$0.0784, respectively, in the event that the Trust were to close on the Element acquisition. The Trust's prior estimate of run-rate AFFO per Unit¹ for 2022 was based upon a number of assumptions, including: (i) that the Brio and Kenwood properties perform in line with management's expectations at the time; (ii) the payment of fees set out in management agreement with the Manager and management's expectations for other general and administrative expenses of the Trust.

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

| Leverage | | September 30, 2022 |
|---|----|--------------------|
| Debt-to-Gross Book Value ratio ¹ : | | |
| Total interest-bearing debt | \$ | 67,651,216 |
| Total assets on balance sheet | | 99,106,643 |
| Debt-to-Gross Book Value ratio ¹ | | 68.26% |
| Debt Service Coverage ratio ¹ : | | |
| Net Operating Income for the nine months ended September 30, 2022 | \$ | 2,908,229 |
| Mortgage payments for the nine months ended September 30, 2022 | | 2,374,773 |
| Debt Service Coverage ratio ¹ | | 1.22 |
| Weighted average term to maturity on fixed rate debt | | 96.75 months |
| Weighted average interest rate on fixed debt | | 2.87% |

Total assets at September 30, 2022 are \$99,106,643, the increase from December 31, 2021 is due to the increase in fair value of the investment properties. Total liabilities at September 30, 2022 include mortgages payable of \$67,651,216 and \$8,564,607 relating to outstanding Exchangeable Units. During the nine months ending September 30, 2022, mortgages increased from refinancing the Brio Phase 1 mortgage by \$16,311,873 and decreased by \$12,847,479 due to repayment of the Brio Phase I mortgage, principal payments and amortization of mark-to-market adjustments, and financing costs.

Review of Financial Performance

The following tables highlight selected information for the Trust's portfolio for the three and nine months ended September 30, 2022 and 2021:

| Summary of Statement of Net Income | Three months ended | | Nine months ended | |
|---|--------------------|--------------------|--------------------|--------------------|
| | September 30, 2022 | September 30, 2021 | September 30, 2022 | September 30, 2021 |
| Revenue from investment properties | \$ 1,679,767 | \$ 1,153,245 | \$ 4,917,812 | \$ 1,932,200 |
| Property operating expenses | (463,054) | (314,080) | (1,524,036) | (517,622) |
| Realty taxes | (174,024) | (125,489) | (485,547) | (208,025) |
| Net Operating Income ¹ | \$ 1,042,689 | \$ 713,676 | \$ 2,908,229 | \$ 1,206,553 |
| NOI Margin ¹ | 62.07% | 61.88% | 59.14% | 62.44% |
| General and administrative | (151,366) | (219,932) | (506,843) | (325,041) |
| Finance costs | (444,889) | (253,024) | (1,357,276) | (428,237) |
| Fair value gain on: | | | | |
| Investment properties | 677,493 | 2,943,310 | 4,641,034 | 3,201,090 |
| Unit-based compensation | 5,233 | 5,960 | 15,745 | 5,960 |
| Warrants liability | - | 311,848 | 21,359 | 311,848 |
| Exchangeable Units | 108,414 | 1,864,292 | 542,064 | 883,086 |
| Net Income and Comprehensive Income | \$ 1,237,574 | \$ 5,366,130 | \$ 6,264,312 | \$ 4,855,259 |

Net operating income¹

For the three and nine months ended September 30, 2022 the Trust generated \$1,042,689 and \$2,908,229 respectively of NOI¹ (three and nine months ended September 30, 2021 - \$713,676 and \$1,206,553). The Trust acquired investment properties in the second quarter of 2021 resulting in five months of comparative NOI¹ to report.

Revenue from investment properties consists of rental revenue from residential lease agreements, parking revenue and other property revenue.

General and administrative expenses

General and administrative expenses relate to the administration of the Trust, including: legal fees, audit fees, Trustee compensation, other public company costs.

¹ See Non-IFRS Measures

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

Finance costs

Finance costs are comprised of interest expense on mortgages payable, distributions on Exchangeable Units, amortization of financing charges and mark-to-market adjustments on the mortgages payable, and is offset by interest income.

| Summary of Finance costs | Three months ended | | Nine months ended | |
|--|---------------------------|-------------------|--------------------------|-------------------|
| | September 30 | | September 30 | |
| | 2022 | 2021 | 2022 | 2021 |
| Interest on mortgages | \$ 436,612 | \$ 290,751 | \$ 1,359,923 | \$ 488,686 |
| Financing fees | 197,484 | - | 197,484 | - |
| Amortization of financing charges | 23,332 | 4,543 | 35,333 | 9,066 |
| Amortization of CMHC fees | 11,502 | 7,453 | 34,505 | 12,424 |
| Amortization of mark-to-market adjustments | (245,842) | (46,525) | (361,318) | (77,541) |
| Distribution on Exchangeable Class B Units | 40,670 | - | 122,010 | - |
| Interest income | (18,869) | (3,198) | (30,661) | (4,398) |
| Total | \$ 444,889 | \$ 253,024 | \$ 1,357,276 | \$ 428,237 |

Fair value gain on Exchangeable Units

The Exchangeable Units are issued by the Partnership. The Exchangeable Units are economically equivalent to Trust Units, in that a holder is entitled to receive cash distributions from the Partnership equal to the cash distributions paid on Trust Units and are exchangeable into Trust Units at the holder's option on a one-for-one basis (subject to customary anti-dilution adjustments). The Exchangeable Units are classified as financial liabilities of the Trust and measured at fair value with any changes in fair value recorded in net income. The fair value gain or loss on the Exchangeable Units is measured every period by reference to the closing trading price of the Trust Units. An increase in the Trust Unit closing price over the period results in a fair value loss, whereas a decrease in the Trust Unit closing price results in a fair value gain.

During the nine months ended September 30, 2022, the market price of the Trust Units decreased from the December 31, 2021 market price of \$0.84 per Trust Unit to \$0.79 per Trust Unit at September 30, 2022. The decrease in market value for the period resulted in a fair value gain on the Exchangeable Units of \$542,064.

Fair value gain on unit-based compensation liability

The Trust has issued Deferred Units to its Trustees. The liability is remeasured at each reporting date based on the closing Trust Unit price with changes in value recorded in net income.

During the three and nine months ended September 30, 2022, the Trust experienced a fair value gain of \$5,233 and \$15,745 from changes in the Trust Unit price for the Deferred Units outstanding at December 31, 2021 and the Deferred Units issued in the period. For the nine months ended September 30, 2022, the Unit price decreased from \$0.84 to \$0.79.

Assessment of Financial Position

Investment Properties

The following table summarizes the changes in investment properties for the three and nine months ended September 30, 2022 and the year ended December 31, 2021:

| Summary of Changes in Investment Properties | Three months ended | | Nine months ended | |
|--|---------------------------|----------------------|--------------------------|----------------------|
| | September 30 | | September 30 | |
| | 2022 | 2021 | 2022 | 2021 |
| Opening balance | \$ 89,550,000 | \$ 54,200,000 | \$ 85,495,008 | \$ - |
| Additions: | | | | |
| Acquisitions of investment properties | - | - | - | 53,898,795 |
| Capital expenditures ¹ | 30,222 | 52,911 | 102,143 | 81,192 |
| Direct leasing costs | 12,285 | 3,779 | 31,815 | 18,923 |
| Fair value gain | 677,493 | 2,943,310 | 4,641,034 | 3,201,090 |
| Closing balance | \$ 90,270,000 | \$ 57,200,000 | \$ 90,270,000 | \$ 57,200,000 |

¹Capital expenditures incurred related to suite upgrades upon unit turnover.

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

Valuation

Under the direct capitalization approach the estimated 12 month stabilized net operating income¹ is utilized on the individual properties, less estimated aggregate future capital expenditures to determine fair value. Capitalization rates fluctuate based on market conditions, such as the demand for rental housing and interest rates. The weighted-average capitalization rates for the properties were 5 percent at September 30, 2022 and December 31, 2021.

Exchangeable Units

The holders of Exchangeable Units are entitled to receive cash distributions from MAR REIT L.P. equivalent to the cash distributions that the Trust pays to the holders of Trust Units and are exchangeable into Trust Units at the holder's option on a one-for-one basis (subject to customary anti-dilution adjustments). One Special Voting Unit in the Trust is issued to the holder of Exchangeable Units for each Exchangeable Unit held. The limited IAS 32 exception for presentation as equity does not extend to Exchangeable Units. As a result, the Exchangeable Units are classified as financial liabilities.

At September 30, 2022 there were 10,841,274 Exchangeable Units and 10,894,987 Special Voting Units outstanding. The outstanding Special Voting Units include:

- Special Voting Units accompanying Deferred Units issued on or before March 31, 2022
- Special Voting Units accompanying Exchangeable Units of MAR REIT L.P. issued on or before September 30, 2022

During the three and nine months ended September 30, 2022, distributions to holders of Exchangeable Units \$40,670 and \$122,010 were declared based on approved monthly distributions of \$0.00125 per Trust Unit.

Mortgages Payable

The Trust's mortgages are at fixed interest rates that are secured by the investment properties. The mortgages bear interest at a weighted average contractual interest rate of 2.87 percent and mature at dates between January 2024 and June 2033, resulting in a weighted average maturity of 96.75 months. The REIT's mortgage that matures in January 2024 is a conventional mortgage, bearing interest at 3.502%, which the REIT anticipates will be replaced with CMHC debt which may offer more favourable terms.

Trust Units

The Declaration of Trust authorizes the issue of an unlimited number of Trust Units. As at September 30, 2022, there were 8,667,564 Trust Units outstanding with a carrying value of \$6,665,236. On March 31, 2022, the Trust commenced a normal course issuer bid ("NCIB") which allows the Trust to purchase up to 787,956 of the Trust Units for cancellation. The NCIB is in effect until March 30, 2023. During the three and nine months ended September 30, 2022, nil and 164,000 Trust units were purchased and cancelled respectively.

Distributions

Distributions are paid monthly to Unitholders of record at the close of business on the last day of a month on or about the 15th day of the following month. Distributions must be approved by the Board of Trustees and are subject to change depending on the general economic outlook and financial performance of the Trust. During the three and nine months ended September 30, 2022, distributions to Unitholders of \$32,503 and \$98,176 were declared based on approved monthly distributions of \$0.00125 per Trust Unit.

Liquidity, Capital Resources and Contractual Commitments

The Trust's capital structure at September 30, 2022 and December 31, 2021 is set out in the table below:

| | September 30, 2022 | December 31, 2021 |
|-----------------------------------|----------------------|----------------------|
| Exchangeable Units | \$ 8,564,607 | \$ 9,106,671 |
| Warrants | - | 21,359 |
| Unit based compensation liability | 75,635 | 45,020 |
| Mortgages | 67,651,216 | 65,546,453 |
| Unitholders' equity | 21,909,421 | 15,893,174 |
| Total | \$ 98,200,879 | \$ 90,612,677 |

Exchangeable Units are not indebtedness for the purposes of Debt-to-Gross Book Value ratio¹ and therefore are not included in the determination of Debt-to-Gross Book Value ratio.

The Warrants issued on August 10, 2021 expired unexercised on August 10, 2022.

¹ See Non-IFRS Measures

Management's Discussion and Analysis

For the three and nine months ended September 30, 2022

(Expressed in Canadian Dollars)

Cash Flows and Use of Funds

During the three and nine months ended September 30, 2022 and 2021 the Trust reported the following changes in cash.

| | Three months ended | | | | Nine months ended | | | |
|---|--------------------|-----------|------|-----------|-------------------|-----------|------|-----------|
| | September 30 | | | | September 30 | | | |
| | 2022 | | 2021 | | 2022 | | 2021 | |
| Cash provided by operating activities | \$ | 503,836 | \$ | 229,921 | \$ | 1,054,373 | \$ | 292,669 |
| Cash provided by (used in) investing activities | | (692,507) | | (56,690) | | (783,958) | | 61,089 |
| Cash provided by financing activities | | 2,046,376 | | 3,851,493 | | 1,160,790 | | 4,453,070 |
| Change in cash during the period | \$ | 1,857,705 | \$ | 4,024,724 | \$ | 1,431,205 | \$ | 4,806,828 |

Deposits on acquisitions of \$650,000 are included in the cash used in investing activities in the three and six months ended September 30, 2022.

QUARTERLY RESULTS AND DISCUSSION OF QUARTERLY OPERATIONS

A six-quarter trend highlighting key operating results since commencing commercial operations is shown below:

| | 2022 | | | | 2021 | |
|--|--------------|--------------|--------------|--------------|--------------|------------|
| | Q3 | Q2 | Q1 | Q4 | Q3 | Q2 |
| Property revenue | \$ 1,679,767 | \$ 1,619,305 | \$ 1,618,740 | \$ 1,407,298 | \$ 1,153,245 | \$ 778,955 |
| NOI ¹ | 1,042,689 | 954,939 | 910,601 | 816,075 | 713,676 | 492,877 |
| Net Income (Loss) | 1,237,561 | 3,148,015 | 1,878,723 | 4,374,004 | 5,366,130 | (496,672) |
| FFO ¹ | 487,104 | 350,486 | 328,530 | 384,929 | 240,720 | 212,555 |
| FFO per Unit ¹ | \$ 0.0250 | \$ 0.0179 | \$ 0.0300 | \$ 0.0201 | \$ 0.0143 | \$ 0.0205 |
| AFFO ¹ | 444,597 | 306,731 | 280,834 | 365,244 | 184,030 | 169,130 |
| AFFO per Unit ¹ | \$ 0.0228 | \$ 0.0157 | \$ 0.0200 | \$ 0.0191 | \$ 0.0110 | \$ 0.0163 |
| Weighted average number of Units outstanding | 19,508,838 | 19,572,918 | 19,726,674 | 19,158,233 | 16,786,283 | 10,365,358 |

Variations in property revenue and net income is due to the closing of the qualifying transaction on April 30, 2021, thus Q2 2021 reported only 2 months of operations. In Q4 2021 the acquisition of the Element Properties occurred on November 15, 2021, thus there were only 46 days of operations reported for this property in Q4 2021. Q1 2022 and subsequent quarters represent complete quarters of all acquired properties to date. Seasonal variations in operating expenses also contribute to quarterly fluctuations in NOI, Net Income, AFFO and FFO.

SAME PROPERTY PORTFOLIO PERFORMANCE

Same property results for the three months ended September 30, 2022 are defined as all properties owned and operated by the REIT throughout the comparative periods being reported, and therefore do not take into account the impact on performance of acquisitions, dispositions, or properties going through a lease-up during the period from July 1, 2021 through September 30, 2022. The same property portfolio represents 251 units or 69.14% of the total portfolio at September 30, 2022.

| | September 30 | |
|------------------------------------|--------------|--------------|
| | 2022 | 2021 |
| Revenue from investment properties | \$ 1,177,153 | \$ 1,153,245 |
| Expenses: | | |
| Property operating expenses | 335,279 | 314,080 |
| Realty taxes | 112,184 | 125,489 |
| Total operating expenses | 447,463 | 439,569 |
| Net property operating income | \$ 729,690 | \$ 713,676 |

¹ See Non-IFRS Measures

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

For the three months ended September 30, 2022, rental revenues for same property increased by 2.07% compared to Q3 2021. Property operating costs increased by 3.48% as a percentage of operating revenues, respectively, whereas property taxes decreased by 3.47% due to higher school tax rebates year over year. This resulted in an overall decrease in operating expenses, as a percentage of operating revenues of 15 basis points as compared to the same period last year.

Operating expense growth of 1.80% was more than offset by revenue growth of 2.07%, achieved through a substantial reduction in vacancy and rebates and achieving market rents on turnover. This resulted in an increase in same property NOI¹ of 16,014, or 2.24% as compared to the same period last year. NOI margin for Q3 2022 was 62.07% as compared to 59.14% for Q3 2021, a 293 basis point increase.

The average monthly rent for the three months ended September 30, 2022 for same property increased to \$1,549 per suite from \$1,515 (September 30, 2021), an increase of 2.26%. Occupancy for the three months ended September 2022 for same property was 98.33%, compared to 96.43% for the three months ended September 30, 2021.

ACCOUNTING ESTIMATES AND POLICIES, CONTROLS AND PROCEDURES AND RISK ANALYSIS

Critical Judgments in Applying Accounting Policies

Significant areas of judgment, estimates and assumptions are set out in Note 3 to the annual audited consolidated financial statements for the years ended December 31, 2021 and 2020.

Risks and Uncertainties

The REIT faces a variety of diverse risks, many of which are inherent in the business conducted by the REIT. These are described in detail under the heading "Risks and Uncertainties" in the REIT's Management's Discussion and Analysis for the years ended December 31, 2021 and 2020 and in the REIT's Annual Information Form for the year ended December 31, 2021, each filed on SEDAR (www.sedar.com). These factors still exist at the end of this quarter and remain relatively unchanged.

Financial Risk Management

In the normal course of business, the Trust is exposed to a number of risks that can affect its operating performance.

These risks and the actions taken to manage them include the following:

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk consists of interest rate risk, currency risk and other price risk.

Interest rate risk is the risk that changes in market interest rates will affect the Trust's financial instruments. As of September 30, 2022 and December 31, 2021, the Trust's mortgages bore interest at fixed rates

Management monitors anticipated interest rate changes and mitigates the negative impact of interest rate increases by locking in interest rates early where applicable.

The Trust's financial statement presentation currency is in Canadian dollars. Operations are located in Canada and the Trust has limited operational transactions in foreign-denominated currencies. As such, the Trust has no significant exposure to currency risk.

Other price risk is the risk of variability in fair value due to movements in equity prices or other market prices such as commodity prices and credit spreads.

The Trust is exposed to other price risk on its Exchangeable Units and warrants. A one percent change in the prevailing market price of the Exchangeable Units as at September 30, 2022 would have a \$86,730 (December 31, 2021 - \$91,067) change in the fair value of the Exchangeable Units. A one percent change in the prevailing market price of the Trust Units at December 31, 2021 would have a nominal impact on the fair value of the warrants. The warrants expired on August 10, 2022.

ii) Credit risk

Credit risk is the risk that tenants may experience financial difficulty and be unable to fulfill their lease commitments. An allowance for impairment is taken for all expected credit losses.

Management mitigates this risk by carrying out appropriate due diligence on the prospective tenant and obtaining security deposits. Management monitors the collection of residential rent receivables on a regular basis with strict procedures that fall within the provincial regulations designed to minimize credit loss in the case of non-payment. The risk of exposure to credit risk is generally limited to the carrying amount of the financial statements.

¹ See Non-IFRS Measures

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

The Trust's maximum exposure to credit risk is equivalent to the carrying value of each class of financial asset as separately presented in cash and accounts and other receivables.

Management assesses the impairment of tenant receivables on an individual basis and uses the simplified approach measure expected credit losses; this will be at the lifetime expected credit losses associated with the arrangement.

Management determines that an amount receivable is credit impaired based upon previous collection history, as well as forward looking information where available regarding economic trends in the tenant's industry and the region the tenant is in. Impairment losses are recognized in the consolidated statement of income and comprehensive income within investment properties operating expenses.

(iii) Liquidity risk

Liquidity risk is the risk that the Trust will not be able to meet its financial obligations as they become due. The Trust manages this risk by ensuring it has sufficient cash on hand to meet obligations as they come due by forecasting cash flows from operations, cash required for investing activities and cash from financing activities.

An analysis of the contractual cash flows at September 30, 2022 associated with the Trust's material financial liabilities is set out below:

| | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 and thereafter | Total |
|--|--------------|--------------|--------------|--------------|-----------------------|---------------|
| Mortgages payable - principal and interest | \$ 3,131,355 | \$ 9,854,616 | \$ 2,028,237 | \$ 2,832,781 | \$ 65,381,649 | \$ 83,228,638 |
| Accounts payable and accrued liabilities | 441,272 | - | - | - | - | 441,272 |
| Security deposits and prepaid rent | 432,477 | 32,015 | - | - | - | 464,492 |
| | \$ 4,005,104 | \$ 9,886,631 | \$ 2,028,237 | \$ 2,832,781 | \$ 65,381,649 | \$ 84,134,402 |

RELATED PARTY TRANSACTIONS

In the normal course of operations, the Trust enters into various transactions with related parties. In addition to the related party transaction disclosed elsewhere in the consolidated financial statements, related party transactions for the period ended September 30, 2022 include:

| Related Party Transactions | Three months ended | | Nine months ended | |
|----------------------------|--------------------|--------------------|--------------------|--------------------|
| | September 30, 2022 | September 30, 2021 | September 30, 2022 | September 30, 2021 |
| Property management fees | \$ 70,599 | \$ 47,869 | \$ 206,844 | \$ 81,592 |
| Salary reimbursement | 18,025 | 33,696 | 86,602 | 63,865 |
| Asset management fees | 28,053 | - | 84,159 | - |
| Board compensation | 36,290 | 24,319 | 110,919 | 40,535 |

On April 30, 2021, the Trust and the Manager entered into a management agreement with a term of ten years, with subsequent renewal periods for further five-year terms, relating to various asset management and property management services. On April 30, 2021, a sub-agreement between the Manager and Marwest Management Canada Ltd., a company under common control, was entered into for the property management of Marwest Apartments I L.P. and Marwest Apartments VII L.P. On November 15, 2021, a sub-agreement between the Manager and Marwest Management Canada Ltd. was entered into for the property management of Marwest (Element) Apartments L.P.

On April 30, 2021, in conjunction with the acquisitions described in note 5 of the September 30, 2022 interim financial statements, the REIT issued 4,006,308 Exchangeable Units and 168,965 Trust Units to related parties of the Manager.

For the year ending December 31, 2022, the Manager has waived 50% of the Asset Management Fees eligible under the Asset Management Agreement.

During the three and nine months ended September 30, 2022, the Board of Trustees were issued an aggregate of 14,249 and 42,145 Deferred Units respectively at an aggregated value of \$15,675 and \$46,360 respectively along with \$20,615 and \$64,559 (2021 - \$24,319 and 40,535 respectively) respectively in cash as part of the Trustee annual remuneration. The Trustees were also remunerated \$1,500 per board meeting in the three and nine months ended September 30, 2022 (September 30, 2021 - \$1,000).

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

INCOME TAXES

The *Income Tax Act* (Canada) (the "Act") contains legislation affecting the tax treatment of specified investment flow-through (SIFT) trusts which include publicly-listed income trusts (the "SIFT Rules"). Under the SIFT Rules, certain distributions from a SIFT are not deductible in computing a SIFT's taxable income, and the SIFT is subject to tax on such distributions at a rate that is substantially equivalent to the general tax rate applicable to a Canadian corporation.

However, distributions paid by a SIFT as returns of capital are generally not subject to tax. The SIFT Rules do not apply to a real estate investment trust that meets prescribed conditions relating to the nature of its assets and revenue (the "REIT Conditions"). Instead, a real estate investment trust that meets the REIT Conditions is not liable to pay Canadian Income taxes provided that its taxable income is fully distributed to unitholders during the period.

The REIT has reviewed the SIFT Rules and has assessed their application to the REIT's assets and revenues. While there are uncertainties in the interpretation and application of the SIFT Rules, the REIT believes that it has met the REIT Conditions for the nine months ended September 30, 2022, and accordingly is not subject to current income taxes. Accordingly, no provision for current income taxes payable is required.

CONTINGENCIES AND COMMITMENTS

The Trust is subject to claims and legal actions that arise in the ordinary course of business. It is the opinion of Management that any ultimate liability that may arise from such matters would not have a significant adverse effect on the consolidated financial statements of the Trust.

FUTURE CHANGES IN ACCOUNTING STANDARDS

The following accounting standards under IFRS have been issued or revised, however are not yet effective and as such have not been applied by the Trust.

Classification of Liabilities as Current or Non-Current

On January 23, 2020, the IASB issued amendments to IAS 1, *Presentation of Financial Statements* (the 2020 amendments), to clarify the classification of liabilities as current or non-current. The 2020 amendments are effective for annual periods beginning on or after January 1, 2023. Early adoption is permitted.

For the purposes of non-current classification, the 2020 amendments removed the requirement for a right to defer settlement or roll over a liability for at least twelve months to be unconditional. Instead, such a right must have substance and exist at the end of the reporting period. The 2020 amendments also clarify how a company classifies a liability that includes a counterparty conversion option. The amendments stated that: a settlement of a liability includes transferring a company's own equity instruments to the counterparty; and, when classifying liabilities as current or non-current a company can ignore those conversion options that are recognized as equity.

The 2020 amendments are subject to future developments. Certain application issues resulting from the 2020 amendments have been raised with the IFRS Interpretations Committee, which referred them to the IASB. In November 2021, the IASB published the exposure draft *Non-current Liabilities with Covenants* (proposed amendments to IAS 1). The exposure draft aims to improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with conditions, in addition to addressing concerns about the classification of such a liability as current or non-current. The IASB proposed to defer the effective date of the 2020 amendments to no earlier than January 1, 2024. The REIT is assessing the impact of the amendments.

SUBSEQUENT EVENTS

The following events occurred subsequent to September 30, 2022:

- (i) On October 3, 2022, Marwest Apartments I L.P. obtained a second mortgage on the Kenwood Property in the amount of \$4,000,000 with an interest rate of 5.59% and a five year term.
- (ii) On October 17, 2022 the REIT paid monthly distributions of \$0.00125 per Trust Unit. Holders of the Exchangeable Units were also paid a distribution of \$0.00125 per Unit.
- (iii) On October 31, 2022, the REIT, through its wholly-owned subsidiary, MAR REIT L.P. acquired a 153 unit property in Winnipeg, Manitoba. The property was acquired for \$42,000,000 less the assumed mortgage of \$32,962,825, resulting in \$9,037,175 of cash paid on closing.
- (iv) On November 15, the REIT paid monthly distributions of \$0.00125 per Trust Unit. Holders of the Exchangeable Units were also paid a distribution of \$0.00125 per Unit.

Management's Discussion and Analysis
For the three and nine months ended September 30, 2022
(Expressed in Canadian Dollars)

- (v) On November 15, the REIT declared a distribution of \$0.00125 per Trust Unit, payable on December 15, 2022 to Unitholders of record as of the close of business on November 30, 2022. Holders of the Exchangeable Units will also be paid a distribution of \$0.00125 per Unit.
