

MARWEST
APARTMENT REIT

Marwest Apartment Real Estate Investment Trust

AGM June 2023

Disclaimer

This presentation, which was prepared by Marwest Apartment Real Estate Investment Trust (the “REIT”, “Marwest”, “us”, “we” or “our”), does not constitute an offer to sell, or a solicitation of any offer to purchase, securities of the REIT. Unless otherwise stated, the information contained herein is accurate only as of the date hereof. The REIT does not undertake to update the information contained or incorporated by reference herein, except as required by the applicable securities laws.

In this presentation, all amounts are in Canadian dollars, unless otherwise indicated. Any graphs, tables or other information in this presentation are intended only to illustrate past performance and are not necessarily indicative of future performance of the REIT. This presentation should not be treated as giving investment advice and is not intended to form the basis of any investment decision. It does not, and is not intended to, constitute or form part of, and should not be construed as, any recommendation or commitment by the REIT or any of its trustees, officers, employees, direct or indirect shareholders, agents, subsidiaries, affiliates, advisors or any other person. Readers should not construe the contents of this presentation as legal, tax, regulatory, financial or accounting advice.

Non-IFRS Measures

This presentation makes reference to certain non-IFRS measures. These measures are not recognized under IFRS and do not have a standardized meaning prescribed by IFRS. Rather, these measures are provided as additional information to complement IFRS measures by providing further understanding of the REIT’s forecasted results of operations from management’s perspective. Market participants frequently use non-IFRS measures in the evaluation of issuers. For particulars of non-IFRS measures used by the REIT, including those used herein, see “non-IFRS Measures” in the REIT’s Management’s Discussion and Analysis for the three month period ended March 31, 2023, which are incorporated by reference herein, and which is available on SDAR at www.sedar.com.

Third Party Information

Certain of the forward-looking statements and other information contained herein concerning the multi-family sector and the general expectations of the REIT concerning the industry and the REIT’s business and operations are based on estimates prepared by the REIT using data from publicly available governmental sources as well as from market research and industry analysis and on assumptions which the REIT assumes are reasonable as of the date hereof. However, such data is inherently imprecise and the REIT has not independently verified any of the data from third-party sources referred to in this presentation, or analyzed or verified the underlying reports relied upon or referred to by such sources, or ascertained the underlying assumptions relied upon by such sources. To the extent such information obtained from third party sources, there is a risk that the assumptions made and conclusions drawn by the REIT based on such representations are not accurate. The REIT does not make any representation or warranty, express or implied as to, and no reliance should be placed on, the fairness, completeness, correctness or accuracy of such information. Market and industry data is subject to variations and cannot be verified due to limits on the availability and reliability of data inputs, the voluntary nature of the data gathering process and other limitations and uncertainties inherent in any statistical survey.

Disclaimer (cont'd)

Forward Looking Information and Assumptions

This investor presentation, including certain documents incorporated by reference herein, contains forward-looking information within the meaning of applicable securities laws. Often, but not always, forward-looking information can be identified by the use of words such as “plans”, “expects”, “does not expect”, “is expected”, “estimates”, “intends”, “anticipates”, “does not anticipate”, or “believes”, or variations of such words and phrases, or states that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken to occur or be achieved. All statements other than statements of historical fact contained or incorporated by reference herein are forward-looking statements, including statements relating to financial and other projections, including those regarding future growth, results of operations, performance and business prospects and opportunities, or the assumptions underlying any of the foregoing. This forward-looking information is not based on historical facts, but, rather, on the expectations of the REIT regarding future growth, its results of operations, performance and business prospects and opportunities. Such forward-looking information reflects the current beliefs of the REIT, based on information currently available to it and is also based, in part, on certain assumptions made by the REIT, including assumptions relating to the completion of the offering, interest rates, the availability of credit markets to the REIT, inflationary pressures, changes in national and local government legislation, taxation, controls, regulations and political or economic developments in Canada or other jurisdictions in which the REIT may own properties, the REIT achieving, sustaining or increasing profitability and its ability to raise additional capital to fund operations, the Manager and the REIT being able to attract and retain key personnel, the REIT being able to acquire any additional properties in furtherance of its mandate and effectively integrate such acquisitions, occupancy levels of the REIT’s properties, the real estate industry generally (including liquidity of real estate investments, competition, government regulation, environmental matters, and costs and expenses), the tax treatment of the REIT remaining constant, the REIT not becoming subject to any material legal proceedings; and the impact of COVID-19 on the REIT, its properties and its tenants, as well as the overall economy in the markets where the REIT’s properties are located.

Forward-looking information involves known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the REIT to differ materially from any future results, performance or achievements expressed or implied by the forward-looking information. Actual results, performance or achievement could differ materially from that expressed in, or implied by, any forward-looking information in this investor presentation, and, accordingly, investors should not place undue reliance on any such forward-looking information. Certain factors that may affect the future results, performance or achievements of the REIT are referenced or summarized under the heading “Risk Factors” in the REIT’s latest annual information form and management’s discussion and analysis which are available on SEDAR at www.sedar.com. Further, any forward-looking information speaks only as of the date on which such statement is made and the REIT undertakes no obligation to update any forward-looking information to reflect the occurrence of unanticipated events, except as required by law including applicable securities laws. New factors emerge from time to time and the importance of current factors may change from time to time and it is not possible for management of the REIT to predict all of such factors, changes in such factors and to assess in advance the impact of each such factor on the business of the REIT, respectively, or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking information contained or incorporated by reference in the short form prospectus or this investor presentation.

Consequently, all of the forward-looking information contained in this presentation is qualified by the foregoing cautionary statements, and there can be no guarantee that the results or expectations that the REIT anticipates will be realized or, even if substantially realized, that they will have the expected consequences or effects on our business, financial condition or results of operation.

Agenda

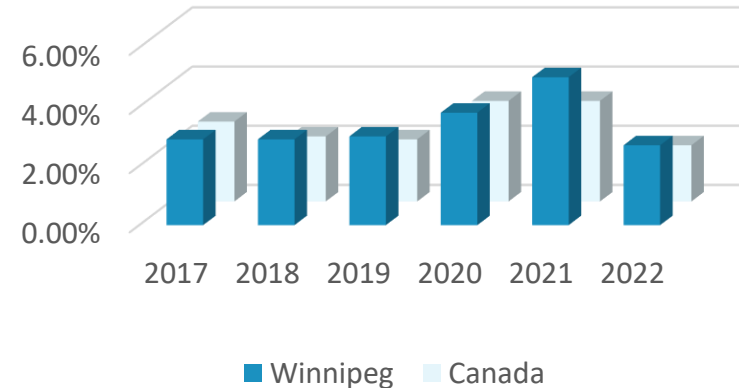

Formal Meeting

- **Appointment of Secretary and Scrutineer and Notice of Meeting**
- **Financial Statements**
- **Approval of Auditors**
- **Election of Directors**
- **Adjourn**

Management Presentation

Why Multi-Family?

- The Canadian multi-family sector withstood the worst of the pandemic better than most other property types in 2020 and 2021 and continued to perform well through 2022
- The fundamentals driving the sector's strong performance— **robust population growth, a limited supply pipeline, and rising home ownership costs** – are still intact today
- CBRE 2023 Market Outlook trends to watch:
 - Housing affordability has eroded to its worst level in over 30 years, leaving renting as the only viable option for a number of families
 - Demand for multifamily is expected to continue rising and outpace supply, further driving down vacancy rates and accelerating rental rate growth
- Government of Canada immigration targets:
 - 2023 – 465,000 target
 - 2024 – 485,000 target
 - 2025 – 500,000 target

Date Acquired	October 31, 2022	November 15, 2021	April 30, 2021	April 30, 2021

Portfolio Growth

The REIT has completed the following acquisitions since its formation:

- Apr 30, 2021 (Qualifying Transaction): two fully stabilized income producing apartment properties (251 units) in Winnipeg for an aggregate purchase price of \$54.2 million
- Nov 15, 2021: 112 new-generation units over two adjacent multi-family residential properties located in Winnipeg for a purchase price of \$27.0 million
- October 31, 2022: 153 new-generation units located in Winnipeg for a purchase price of \$42.0 million

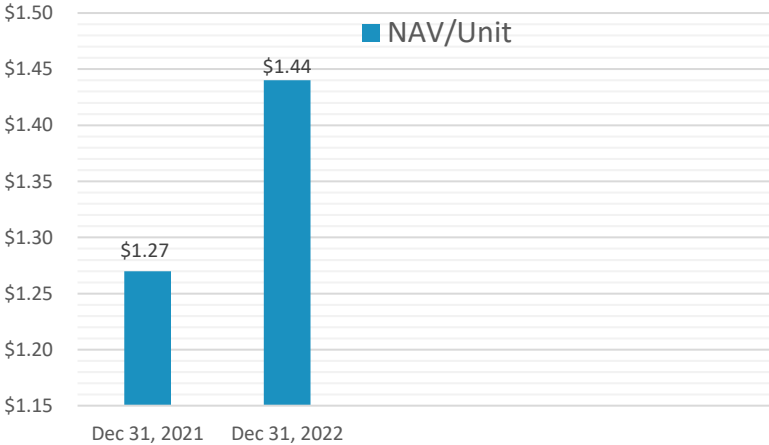

Performance Measures

- Growth in FFO/Unit¹ and AFFO/Unit¹ driven by acquisition of Element & Prairie View Pointe as well as internal growth

- Growth in NAV/Unit¹ driven by accretive acquisitions and NOI growth
- Annual distribution of \$0.015 per Unit represents a 21% FFO payout ratio¹

¹ See Non-IFRS measures – Appendix II

Investor Alignment

The REIT's Insiders are heavily aligned with investors.

- Directors and Officers currently own ~ 12.5% of the outstanding trust units (fully diluted)
- Legacy third party investors (brought in by Marwest) currently own 77% of the outstanding exchangeable units.
- On November 15, 2021, directors of Marwest Asset Management received Exchangeable Units at \$1.15 per Unit when the market price was \$0.81, as consideration for the acquisition of \$1.1 million of the Element Property
- In 2021 Asset Management Fee was waived (~ \$104K)
- In 2022 50% of the Asset Management Fee was waived (~ \$124K)
- Acquisition Fee on the Prairie View Pointe acquisition on October 31, 2022 was waived (\$420,000)

Winnipeg Metropolitan Area

¹ YTD occupancy to March 31, 2023

² See Non-IFRS measures – Appendix II

Appendix II – Non-IFRS Measures

Non-IFRS Measures

The Trust may use certain non-IFRS measures commonly used by entities in the real estate industry as useful metrics for measuring performance. The non-IFRS measures used by the Trust as described below are not standardized measures under IFRS. Such non-IFRS measures disclosed by the Trust may not be comparable to similar financial measures disclosed by others. Readers are cautioned to not place undue reliance on such non-IFRS measures which disclosure is hereby incorporated by reference.

Net Operating Income ("NOI")

The Trust calculates net operating income as revenue less property operating expenses such as utilities, repairs and maintenance and realty taxes. Charges for interest or other expenses not specific to the day-to-day operations of the Trust's properties are not included. The Trust regards NOI as an important measure of the income generated by income-producing properties and is used by management in evaluating the performance of the Trust's properties. NOI is also a key input in determining the value of the Trust's properties.

Funds from Operations ("FFO")

The Trust calculates FFO substantially in accordance with the guidelines set out in the white paper titled "White Paper on Funds from Operations & Adjusted Funds from Operations for IFRS" by the Real Property Association of Canada ("REALpac") as revised in January 2022. FFO is defined as IFRS consolidated net income adjusted for items such as unrealized changes in the fair value of the investment properties, effects of puttable instruments classified as financial liabilities and changes in fair value of financial instruments and derivatives. FFO should not be construed as an alternative to net income or cash flows provided by or used in operating activities determined in accordance with IFRS. The Trust regards FFO as a key measure of operating performance.

Adjusted Funds from Operations ("AFFO")

The Trust calculates AFFO substantially in accordance with the guidelines set out in the white paper titled "White Paper on Funds from Operations & Adjusted Funds from Operations for IFRS" by REALpac as revised in January 2022. AFFO is defined as FFO adjusted for items such as maintenance capital expenditures and straight-line rental revenue differences. AFFO should not be construed as an alternative to net income or cash flows provided by or used in operating activities determined in accordance with IFRS. The Trust regards AFFO as a key measure of operating performance. The Trust also uses AFFO in assessing its capacity to make distributions.

Appendix II – Non-IFRS Measures

Non-IFRS Measures - continued

The following other non-IFRS measures are defined as follows:

- * “FFO per unit” is calculated as FFO divided by the weighted average number of Trust Units and Exchangeable Units of the Partnership outstanding over the period.
- * “AFFO per unit” is calculated as AFFO divided by the weighted average number of Trust Units and Exchangeable Units of the Partnership outstanding over the period.
- * “FFO Payout Ratio” is the proportion of the total distributions on Trust Units and Exchangeable Units of the Partnership to FFO per Unit.
- * “Net Asset Value” is calculated as the sum of Unitholders’ Equity and Exchangeable Units
- * “Net Asset Value per Unit” or “NAV per Unit” is calculated as the sum of Unitholders’ Equity and Exchangeable Units divided by the sum of Trust Units, Exchangeable Units and Deferred Units outstanding at the end of the period.
- * “Debt-to-Gross Book Value ratio” is calculated by dividing total interest-bearing debt consisting of mortgages by total assets and is used as the REIT’s primary measure of its leverage.
- * “Average occupancy rate” is defined as the ratio of occupied suites to the total suites in the portfolio for the period.
